

Facefit Testing

Course Reference: FFQUAL/002

What's the course all about: This course is specifically designed for anyone whose job means they will need to wear a respiratory mask in the workplace.

Exactly What Will I Do? You will cover the following elements during the course:

- The Sensitivity Test
- Practical face fit testing
- Fit Test protocols
- Pass Levels
- Fit Test Failures and Re-Tests
- Problem solving

Who should attend? This is designed for all those who carry out work that means they will need to use a respiratory mask in the workplace.

Student Requirements: No previous training required

How long will it last? Around 15 - 20 minutes for the Facefit test per person including paper work.

How many will be there? A max of five masks can be tested in 1 hour

Do I get anything to take away? On successful completion of the course, successful delegates will get a copy of their paperwork to show they passed the course.

Where and When? We can run the course at your premises specifically for you and your team, or if you would rather use our facilities at Safety for Business that can be arranged.

What about Food and Drink? Refreshments are provided but sorry we only provide lunch for full day courses.

What's it going to cost me? Individual costs at our training facility are £35 + VAT.

In-house training is £175 per hour + Travel + VAT with a max of 5 masks.

Facefit Testing
Course Reference: FFQUAL/002

Information to know before booking:

- Delegates must bring their own masks with them for to be tested.
 - If you wear more than one mask, bring them both to be tested.
- Delegates **must** be clean shaven and no sideburns, to ensure a good fit with respiratory equipment for the fit test and every time the respirator is worn
- You must not chew gum, eating or drink 30 minutes before test, as this could affect the result. You can only drink water within that time.
- No smoke or vaping for at least 30 minutes prior to their test
- Bring along any headwear than you would normally wear with the mask
